Portraits: Children, Families and Engagement

Portrait Session Fee: \$175.00

The session will be approximately 1 – 2 hours at the location(s) of your choice. All outfit and location changes are included. I encourage my clients to be involved in this process. It is important that your personality shine through during our session. Choose locations, outfits or props that are special to you (or your child, your family, your relationship, etc). Plain clothing in similar tones works best. Busy and bold prints distract from you and the scenery.
